Budget Billing

For your convenience, the Board of Public Utilities now offers Budget Billing! Any customer in good standing that has had an account for 12 months or longer may enroll in budget billing. This allows you to know in advance what you will be paying for your water, sewer and sanitation service.

Each April there will be a settle up month. If you paid more than what was used, you would have a smaller or no bill month. If you paid less than what was used your bill would be larger than the other months. That same month, new charges would be set for the coming year based on your previous 12 months of service.

This service will allow you to budget your monthly water bill from now through March. To sign up for Budget Billing, fill out the form below and send it back with your next payment or call us at 637-6460.
